

SANITARY NAPKINS | UNDER PADS | ADULT DIAPERS & PULL UPS | BABY DIAPERS & PULL UPS

PIONEER HYGIENE GROUP OF COMPANIES

ABOUT US

PIONEER HYGIENE SALES PRIVATE LIMITED (PHS) was incorporated in the year 2004 as a manufacturing unit and for import, packaging and distribution of all type of personal hygiene and healthcare products. PHS has, over the period of last 13 years, gradually introduced more and more hygiene products such as:

- ★ **SANITARY NAPKINS**
- ★ **BABY DIAPERS**
- ★ **BABY PULL UP DIAPERS**
- ★ **ADULT DIAPERS**
- ★ **ADULT PULL UP DIAPERS**
- ★ **UNDER PADS**
- ★ **BREAST PADS**
- ★ **WET WIPES etc**

HUSH, TIDY and MIRACLE brands are commonly associated names in the hygiene industry and all are marketed under the PHS family. PHS has its network across India with offices and marketing representatives present at all prominent cities. PHS also offers OEM (Private Label) in all its products to several big names in the industry that includes large corporate and institutional buyers.

PHS entered its 14th year of business at the start of FY 2017-18. Over the past few years, it has had a continuous growth by adding newer products to its basket. This continuous development has ensured that PHS remains the leading one stop solution for all the personal hygiene needs in the Indian sub continent. PHS has already ventured overseas with exports to countries like Malaysia, Singapore, Nepal, Sri Lanka, Africa and some places in the Europe.

The year 2015 marked a new beginning in the PHS family. A state of the art modern facility to manufacture the ever growing demand for Sanitary Napkins and Underpad was set up at Kundli (Haryana). This milestone created a path way to go backward into the supply chain and venture into manufacturing its own products to cater to the market demands. The manufacturing unit sowed the seed of thought to go further backward in the supply chain and venture into manufacturing of raw materials being used in the hygiene industry.
